

MIDWEST
Institutional Trust Services

Customized **trust and custody solutions** to meet your specific needs

Institutional Trust Services

Midwest Institutional Trust Services

Midwest Institutional Trust Services is dedicated to exclusively servicing the unique needs of institutional clients, including corporations, Taft-Hartley funds, employee benefit plans, insurance companies, endowments and foundations, and public funds.

Our experienced professionals strive to deliver on our mission: To be the full-service financial services provider of choice by delivering customized trust and custody solutions with unparalleled service and integrity—one client at a time.

The most important thing we deliver **is time**

Our trust and custody professionals help navigate the often-complex demands of safekeeping assets.

Experience and knowledge allow us to anticipate and quickly respond to legal, accounting, and administrative needs. We focus on delivering exceptional customized client service so you can concentrate on other priorities.

Creating value is the basis of what we do every day. That's why we are dedicated to service excellence—making a commitment to forge a long-term partnership with you, your team, and your entire organization. We deliver on that commitment by:

- Focusing on the quality of our relationship with clients, not the size of the engagement.
- Crafting custom-tailored solutions that reflect the unique needs and requirements of clients.
- Offering a comprehensive suite of value-added products, services, and tools to help effectively manage and safeguard assets.

Institutional Trust Services

Our client-centric approach is **quality** focused

Our commitment to forming long-term partnerships with clients is driven by service excellence, including accountability and reliability, delivered by a team of experienced professionals.

Believing in the **power** of relationship

Each relationship management team—led by the relationship manager—is developed to meet the specific needs of each client. These carefully constructed teams bring together some of Midwest Institutional Trust Services’ most talented and experienced professionals.

This team-driven approach, along with our client-centric service model, provides our clients with the ability to meet their challenges and overcome any regulatory changes.

Who **we are**

The talented professionals who make up Midwest Institutional Trust Services deliver world-class client service from specialized relationship management teams, each led by a manager with more than 25 years of industry expertise.

Choose a custodian or trustee to help secure, manage, and grow your vital assets

We invite you to examine our services, products, and credentials, and then ask our trust and custody professionals your questions.

We're confident that you'll be impressed by the experience and expertise of our people, the sophistication of our trust and custody solutions, and our commitment to service we all share at Midwest Institutional Trust Services.

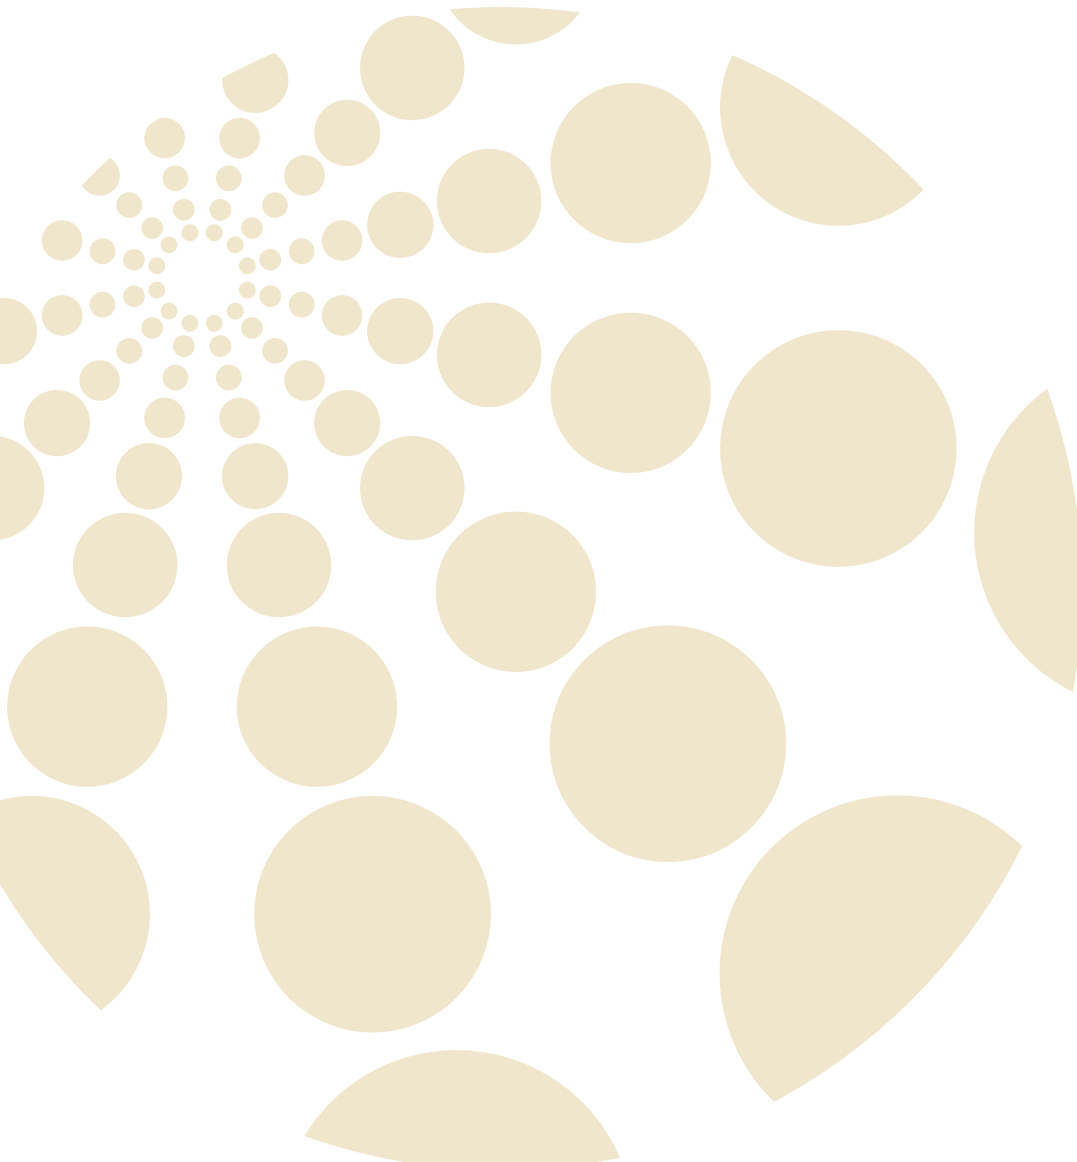

We're here to deliver high-touch custody capabilities by an exceptional customized client service model.
